EXPERIENCE

D.N.V. OVERSEAS International Export Business <i>Co-Founder & Chief Operating Officer</i>	<i>Dubai, UAE</i> Dec 2023 – Present
- Spearheaded requirements gathering and built Power BI KPI dashboard tracking 12 operational metrics across 3 international markets, cutting management reporting time by 40% and converting weekly decision cycles from intuition-led to data-driven. - Led end-to-end process mapping of export operations, conducting root cause analysis that uncovered 4 critical failure points in order processing; redesigned cross-team handoff protocols and reduced processing errors by 35%, lifting on-time fulfilment from 60% to 95%. - Built workflow optimisation model in Python consolidating 3 freight provider data sources and automating logistics cost tracking; cut cost-per-shipment by 11% and freed 6 hours per week of manual reconciliation across the operations team. - Defined user stories and business requirements for a CRM process improvement initiative, coordinating stakeholder management across procurement, logistics, and BD teams; reduced average deal cycle by 2 weeks and improved pipeline-to-close conversion rate by 40%.	
RAVI FOODS PVT. LTD. FMCG Export Manufacturer <i>Finance & Market Analyst</i>	<i>Kolkata, India</i> Dec 2022 – Aug 2023
- Diagnosed a 22% order-fulfilment delay through structured root cause analysis, tracing the failure to a single vendor SLA gap; redesigned vendor KPI scorecard and acceptance criteria that reduced delays by 30% within 60 days of implementation. - Conducted TAM/SAM market sizing analysis for 4 geographies using trade datasets and SQL, producing structured requirements documentation that was adopted directly into leadership strategy review and informed market entry sequencing.	
RADBOARDS PVT. LTD. Digital Marketing & Sales Startup <i>Sales & Marketing Associate</i>	<i>Kolkata, India</i> Aug 2022 – Nov 2022
- Mapped end-to-end customer journey and identified 2 drop-off points in the sales funnel through A/B testing and conversion analysis; proposed workflow optimisation that improved outreach response rate by 18% within one month. - Built structured Excel pipeline dashboard tracking 500+ outreach contacts using pivot tables and SUMIF models, delivering weekly stakeholder reports on pipeline health and conversion metrics that directly informed BD prioritisation.
