EXPERIENCE

D.N.V. OVERSEAS · International Export Business

Dubai, UAE

Co-Founder & Chief Operating Officer

Dec 2023 – Present

- Drove requirements gathering and built Power BI KPI dashboard tracking 12 operational metrics across 3 international markets, cutting management reporting time by 40% and converting weekly decision cycles from intuition-led to data-driven; documentation formalised as BRD adopted across all markets.
- Led end-to-end process mapping of export operations, conducting root cause analysis that uncovered 4 critical failure points in order processing; redesigned cross-team handoff protocols and reduced processing errors by 35%, lifting on-time fulfilment from 60% to 95% within 90 days.
- Constructed workflow optimisation model in Python consolidating 3 freight provider data sources and automating logistics cost tracking; cut cost-per-shipment by 11% and freed 6 hours per week of manual reconciliation across the operations team.
- Defined user stories and business requirements (BRD/FRD) for a CRM process improvement initiative, coordinating stakeholder management across procurement, logistics, and BD teams; delivered UAT sign-off in 2 weeks, reduced average deal cycle by 2 weeks, and improved pipeline-to-close rate by 40%.

RAVI FOODS PVT. LTD. · FMCG Export Manufacturer

Kolkata, India

Finance & Market Analyst

Dec 2022 – Aug 2023

- Diagnosed a 22% order-fulfilment delay through structured root cause analysis and gap analysis, tracing the failure to a single vendor SLA gap; redesigned vendor KPI scorecard and acceptance criteria that reduced delays by 30% within 60 days of implementation.
- Conducted TAM/SAM market sizing analysis for 4 geographies using trade datasets and SQL, producing functional specifications documentation adopted directly into leadership strategy review and informing market entry sequencing decisions.

RADBOARDS PVT. LTD. · Digital Marketing & Sales Startup

Kolkata, India

Sales & Marketing Associate

Aug 2022 – Nov 2022

- Mapped end-to-end customer journey and identified 2 drop-off points in the sales funnel through A/B testing and conversion analysis; proposed workflow optimisation that improved outreach response rate by 18% within one month.
- Constructed structured Excel pipeline dashboard tracking 500+ outreach contacts using pivot tables and SUMIF models, delivering weekly stakeholder reports on pipeline health and conversion metrics that directly informed BD prioritisation.
