PROFESSIONAL EXPERIENCE

D.N.V. Overseas | Co-Founder & Chief Financial Officer — Dubai, UAE, Dec 2023 – Present

- ▶ **Achieved 40% profit margins, up 12 points**, by designing a cost-plus pricing strategy benchmarked against competitor data across 3 international markets.
- ▶ **Improved cash flow by 30%** by restructuring supplier payment schedules using financial analysis of payment cycles and working capital needs.
- ▶ **Built a financial model forecasting cash flow and profitability** that informed strategic decisions on market entry, supported by a monthly variance-reporting dashboard tracking revenue, costs, and cash position.
- ▶ **Built the financial business case for international expansion** into Russia and Mongolia using break-even and ROI analysis, presented to secure stakeholder buy-in.

Ravi Foods Pvt. Ltd. | Financial Analyst & Pricing Optimization Manager — Hyderabad, India, Dec 2022 – Aug 2023

- ▶ **Improved overall margins by 12%** by applying ABC costing to segment 4 international markets' contracts by profitability and repricing low-margin accounts.
- ▶ **Built a financial model analyzing profitability across 4 markets** incorporating cost structures, pricing strategy, and market dynamics to guide commercial decisions.
- ▶ **Improved working capital management by 20%** by forecasting cash flow for international operations and modeling payment terms and collection cycles.
- ▶ **Achieved a 15% cost reduction** by analyzing cost drivers by market and recommending targeted optimization initiatives to management.
- ▶ **Identified optimal pricing bands for market penetration** by benchmarking competitor pricing across 4 international markets.

Shreeji Hospitality Global Pvt. Ltd. | Finance Intern — Kolkata, India, Oct 2021 – Nov 2021

- ▶ **Improved audit accuracy from 85% to 99%** by managing daily cash reconciliation across 4 outlets and resolving \$8K in discrepancies.

AI & TECHNICAL PROJECTS

- ▶ **AI Financial Analysis Agent** — Built an AI-powered agent using the Claude API that processes P&L data to generate profitability insights, trend analysis, and data-driven recommendations.
